## Introduction

An update to your Cashmaster Printer One has been released. The update is installed using a USB flash drive, which must first be loaded with the supplied update files.
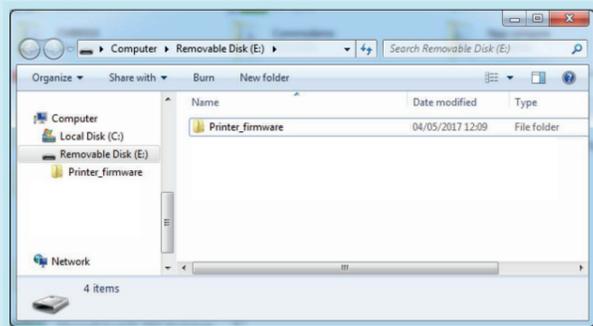

Pre-requisites

Please ensure your scale has a minimum 50% battery charge level and is connected to the mains power supply.

Step 1: Prepare USB flash drive

1.1 Insert an empty USB flash drive into your PC's USB port.

1.2 Save the update ZIP file that you have received to your PC - for example, on to your Desktop.

1.3 Open the ZIP file, and copy all of the contents (including the Printer_firmware folder) to your USB flash drive.
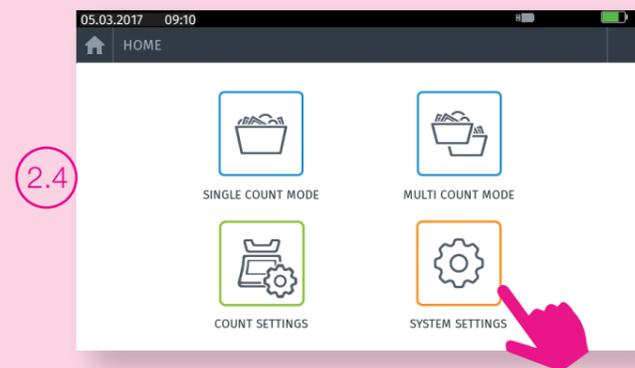

1.4 The USB flash drive is now ready to update the Cashmaster One product.

Step 3: Update printer bootloader and firmware

2.1 Press the main power key to switch on your unit if necessary.

2.2 Ensure the main system battery level is above 50% before proceeding.

2.3 Insert the USB flash drive – the USB flash drive icon will appear in the status bar.
